“By Invitation Only” • Apply Now & Schedule Your Interview

Saturday Morning, June 22, 2019

440 Church Road • Avondale, PA 19311

Qfix is an innovative medical device company focused on developing and commercializing technology-driven solutions for radiotherapy patient positioning. We have openings for several positions in our Avondale Manufacturing Facility to work on our **state-of-the-art couch tops used in the treatment of cancer.**

Lay up:

Building specific composite parts per specifications. Ensure final size, shape and details are correct and in accordance with standards.

Finishing:

Ensure that final size, shape and details of parts are correct and in accordance with standards, remove edges from machined parts, sand, clean, fill voids, also grind, mask, buff and polish.

Apply In-Person: Qfix Building 5 • Monday–Friday • 9am - 4pm

Apply Online: www.Qfix.com/careers
